

# VAN LINT STUDENT SPORTS WEEK

## Just Dance

**Team size:** 2

**Duration of a game:** approx. 5 minutes

### Rules:

#### Basics

- Hold the joycon in your right hand
- Make sure the rope is tied around your wrist
- Just Dance!

#### Scoring

Every song will be danced to by 2 members of both team, so 4 players.

1st = 4 points

2nd = 3 points

3rd = 2 points

4th = 1 point

Ties are possible. If in one poule the first 2 teams are tied. A dance off will happen where both teams select 1 player to face off in a random hard song

#### Poules

Every team dances every team in their poule twice. A team consists of 2 or more players. A dance is danced by 4 players, 2 of every team. Since every team dances each other twice, the players switch in the second face off. The first match against an opponent is a random (popular) Medium song, you pick 2 of your team mates to dance this song. The second match against an opponent is a random (popular) hard song, which your other 2 team mates dance. Regular scoring is applied.

#### Finals

Finals consist of two rounds, where one hard and one extreme song are randomly selected and danced by two players of each team. The average score of the team is calculated and the highest average score determines the winner
