

# VAN LINT STUDENT SPORTS WEEK

## Quadball

**Team size:** 5

**Duration of a game:** 15 minutes

### **Rules:**

The game involves three types of balls:

The Quaffle (a volleyball)

The Bludger (dodgeball)

A game takes 15 minutes and the goal is to score the quaffle through the hoops.

You run with a broom(pvc pipe) between the legs, and if you are not on your broom you cannot participate in play.

There are three roles in this short version of quidditch.

- The chasers
- The beaters
- The keeper

### The chasers

Use the quaffle to score through any side of the hoops and are only allowed to handle the quaffle. There are 2 Chasers in each team in play each time

### The Keeper

The keeper does the same as the chasers except that she/he cant be beat in their own keeperzone.

### The beaters

The beater use the bludgers to beat players of the other team and in that way make sure the chasers can't score.

### What to do if you get beat

A player is beat if the bludger hits their body, head not included. If a chaser or keeper gets beat they drop the ball they are holding and step off of their broom. They first have

to touch the hoops of their team, then they can get on their broom again and continue to participate in the game.

### Substitution

You are allowed to substitute players during the game, this can be done in the 'subbox'.

There is no limit to the number of players you can substitute. You are not limited to the same role the whole game but are not allowed to change roles outside the 'subbox'.
