

# VAN-LINT STUDENT SPORTS WEEK

## Table Tennis

**Team size:** 2

**Duration of a game:** 15 minutes

### Rules

#### Single

According to the new rules in table tennis the matches will be played till 11 points instead of 21 points. This means there will be played best of five; if you win 3 sets you will have won the match. The service will change after 2 points. When both players have 10 points the game will continue till there is a difference of 2 points. Also when both players have 10 points the service will change every turn. The service may land be on the whole width of the table. When the service hits the net the service has to be repeated, during the rally this is allowed.

#### Double

In a double game the same rules apply as in a single match with some additions. Serving always has to be diagonal. Both single and double have 18 minutes to play. A team loses the match automatically if they are not present at the starting time of the match.

The game goes as follows: for example player one begins to serve (to player 3). He serves two times. After this player 1 and 2 switch positions and players 3 serves to player 2 (twice). This repeats itself. The next part of the game then would be: player 2 serves to player 4, player 4 serves to player 1, player 1 serves to player 3 etc.

In the next set the players change so they will serve against the other member of the opposing team.
